

New Changes in Membership Options

The Ontario Brain Injury Association (OBIA) and participating community brain injury associations have formally linked their organizations to become the **Community Support Network (CSN)**. This arrangement will provide a stronger voice for people living with acquired brain injury and help to develop province wide programs. The Peer Support Mentoring Program is a prime example of one such program.

The Brain Injury Association of Peel and Halton is pleased to announce that we have signed a Dual Membership Shared Activity Agreement with the CSN. This agreement offers our individual members the opportunity to belong to both OBIA and our Association for one low price.

Members of the Brain Injury Association of Peel and Halton (BIAPH) now have the following membership options:
